Introduction to the Statute Service

The Minnesota Criminal Justice Statute Service provides criminal justice professionals a means of searching for specific Minnesota criminal justice statutes for charging and sentencing purposes.

1.1 What is the Statute Service?

The Minnesota Criminal Justice Statute Service is a publicly accessible Internet-based application and web service that provides the following:

- a complete list of criminal justice charging statutes, including misdemeanors and petty misdemeanors
- access to legacy statutes for tracking obsolete and repealed criminal justice statutes
- access to citations and full-text for criminal justice statutes, including all levels from petty misdemeanors to felonies
- concise and consistent text descriptions for statutory references
- the ability to capture statute information and transfer it to an agency's records management system (RMS) - helping to avoid error and duplication
- timely updates and accurate statutory information
- a source of electronic statute information (including unique identification numbers for each), for purposes of e-filing with the courts, eCharging, and other applications
- the ability to search by statute ID
- flags to distinguish which statutes are Petty Misdemeanor Only if Prosecutor Certifies, Payable, Report to DNR, and Certify to DPS

1.2 Who can use the Statute Service?

The statute information provided by the Minnesota Criminal Justice Statute Service is public and may be shared with criminal justice agency personnel and the general public as needed.

1.3 Accessing the Statute Service

You can access the Minnesota Criminal Justice Statute Service by using this URL:

<https://www.mncjss.state.mn.us/>

1.4 Additional assistance

If you have problems accessing the Statute Service website, contact the BCA Service Desk:

- Hours of Operation: **7:00 a.m. to 4:30 p.m., Monday through Friday (excluding State holidays)**
- Email: **bca.servicedesk@state.mn.us**
- Phone: **(651) 793-2500 or (888) 234-1119**

If you are writing an email or leaving a phone message for the Service Desk, be as detailed as possible in the information you provide. Include the page you were working on, the steps you took before encountering your issue and any messages generated at the time. This allows the Service Desk to better duplicate what you experienced and provide a solution.

This chapter describes the operation of the Statute Service user interface.

The screenshot shows the home page of the Minnesota Criminal Justice Statute Service. The header includes the BCA logo, the text 'Minnesota Criminal Justice Statute Service Bureau of Criminal Apprehension', and a 'Home | Help' link with the date 'Monday, September 30, 2013'. A navigation bar contains links for 'Search', 'Web Service', 'About', 'Subscribe to Updates', 'Contact', 'Help', 'Reports', and 'Citation Cheat Sheet'. A 'Quick Search' input field is located in the top right. The main content area is divided into three sections: a welcome message on the left, a 'Statute Search Criteria' form in the center, and 'MNCJSS News' on the right. The search form includes fields for Chapter, Section, Subdivision, Offense Level (dropdown), Function (dropdown), Effective Date (dropdown), Keyword, Keyword Found In (dropdown), Flag (dropdown), and Statute ID, along with 'Submit' and 'Reset' buttons. The news section lists recent updates and features.

Figure 2.1: Home Page (Statute Search Criteria Page)

2.1 Search

There are two search options provided on the Statute Service website: regular search and **Quick Search**.

- **Quick Search** is available from within the blue bar below the BCA logo, date, and the Home and Help links.
- The regular search functionality is available on the **Home** page, which is also the **Statute Search Criteria** page. This page is available through the **Search** tab. It is also available through the **Home** link at the upper right-hand corner of every page of the Statute Service website.

The use of both search options are described in detail in Chapter 3, "Search".

2.2 Web Service

In addition to its publicly accessible website, the Statute Service also provides a computer-to-computer web service interface for criminal justice agencies that want to consume and integrate statute information with other applications. The interface provides technical users and developers with the Web Service Definition Language (WSDL) files and the associated Extensible Markup Language (XML) schemas necessary to consume the service.

Click the **Web Service** tab for more information. This takes you to the **MNCJSS Web Service Interface** page. To request access to the web service interface, click the provided link. This opens a separate browser instance taking you to the MNJIS Catalog of Services website. A request for access to the *MNCJSS Web Service Interface* can then be made from that website.

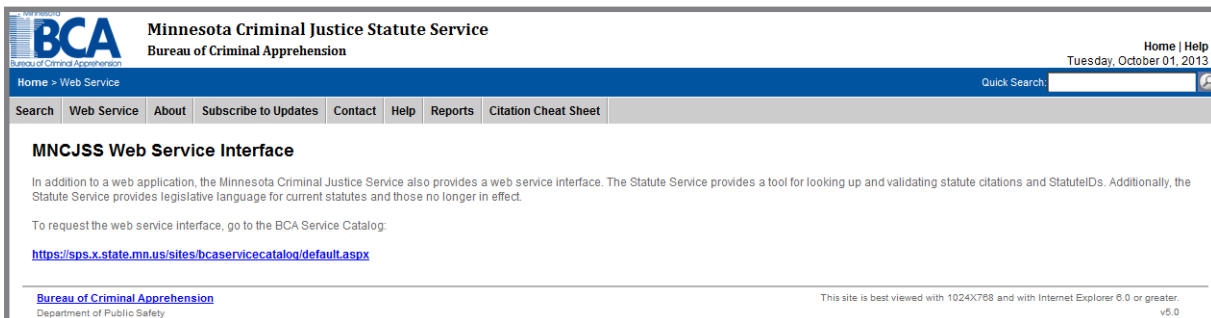

Figure 2.2: MNCJSS Web Service Interface Page

2.3 About

Clicking the **About** tab takes you to the **About Us** page. This page provides background information on the origins of the Statute Service. It also provides an email link for submitting requests for additions, corrections, and suggestions.

2.4 Subscribe to Updates

Clicking the **Subscribe to Updates** tab takes you to the **Subscribe** page. This page is where users of the Statute Service website can receive notification of statute changes by registering their email address. The operation of this page is described in Chapter 5, "Subscribe to Updates".

2.5 Contact

Clicking the **Contact** tab takes you to the **Contact** page. This page provides contact information for the BCA and the legal analyst assigned to work on the Statute Service. It also lists the application's maintenance schedule.

The screenshot shows the contact page for the Minnesota Criminal Justice Statute Service. The page header includes the BCA logo, the text "Minnesota Criminal Justice Statute Service Bureau of Criminal Apprehension", and the date "Tuesday, October 01, 2013". A navigation menu contains links for "Home", "Contact", "Search", "Web Service", "About", "Subscribe to Updates", "Help", "Reports", and "Citation Cheat Sheet". The main content area is titled "MNCJSS Contact Page" and provides contact information for the "BCA Service Desk" and "MNJIS Legal Analyst". The "BCA Service Desk" contact information includes the phone number (651) 793-2500 or (888) 234-1119 and the email address bca.servicedesk@state.mn.us. The "MNJIS Legal Analyst" contact information includes the phone number (651) 793-2500 and the email address MNJIS.Legal.Analyst@state.mn.us. A "Maintenance Schedule" section indicates that the service is down every Thursday from Noon to 1:00 p.m. The footer contains the text "Bureau of Criminal Apprehension Department of Public Safety" and "This site is best viewed with 1024x768 and with Internet Explorer 6.0 or greater. v5.0".

2.6 Help

Figure 2.4: Home Page with Help Link, Tab and Question Mark Symbol Highlighted

The Statute Service provides its users with both two forms of online assistance.

2.6.1 Help link and tab

There are two locations labeled **Help** on each page of the Statute Service website:

- a **Help** link in the upper right-hand corner of each page
- the **Help** tab

Clicking either option displays this document in a separate browser instance.

2.6.2 Question mark symbol

Three pages on the Statute Service website have a green question mark symbol on them:

- **Home / Statute Search Criteria** page
- **Statute Search Results** page
- **Statute Details** page

Clicking the symbol launches a separate browser instance with additional help about how to use that page of the Statute Service website.

2.7 Reports

Clicking the **Reports** tab takes you to the Reports page. The operation of the **Reports** page is described in Chapter 6, "Reports".

2.8 Citation Cheat Sheet

Click the **Citation Cheat Sheet** tab to download a printable file listing common citations and the statute format used to charge the citation. A message asks you about the download:

- click **Open** to open the download without first specifying where it is to be saved
- click **Save** to save the download to a specific location
- click **Cancel** to abort the download

2.9 Home link

The **Home** link is located in the upper right-hand corner of each page of the Statute Service website. Clicking the **Home** link takes you to the **Home** page, which is also the **Statute Search Criteria** page.

2.10 Breadcrumbs

The upper left-hand corner of a page can contain "breadcrumbs". These provide links back to pages you accessed to reach your current page.

Figure 2.5: Example of Breadcrumbs

2.11 Service description and news feed

The left-hand side of the **Home** page provides a description of the Statute Service, including the date and time its database was last updated. The right-hand side of the Home page provides a news feed of recent events on the Statute Service website.

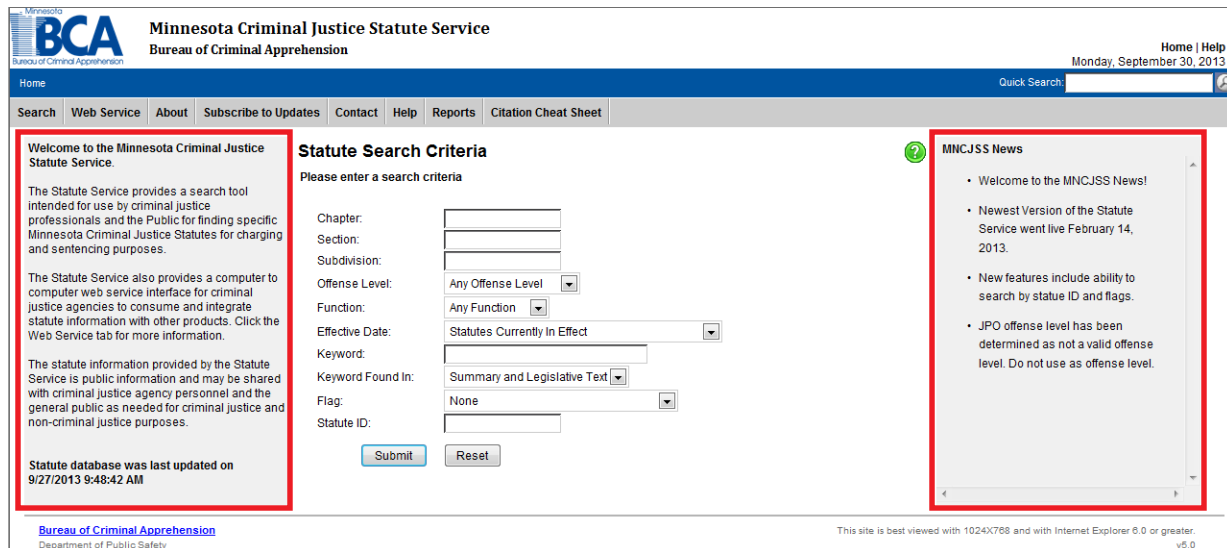

Figure 2.6: Home Page (Service Description and News Feed Highlighted)

2.12 BCA link

The bottom left-hand corner of each page has a link to the Bureau of Criminal Apprehension’s website. Clicking the link opens a separate browser instance to that site.

This chapter describes the various kinds of searches you can perform through the Statute Service website. It also describes techniques for making your searches more effective.

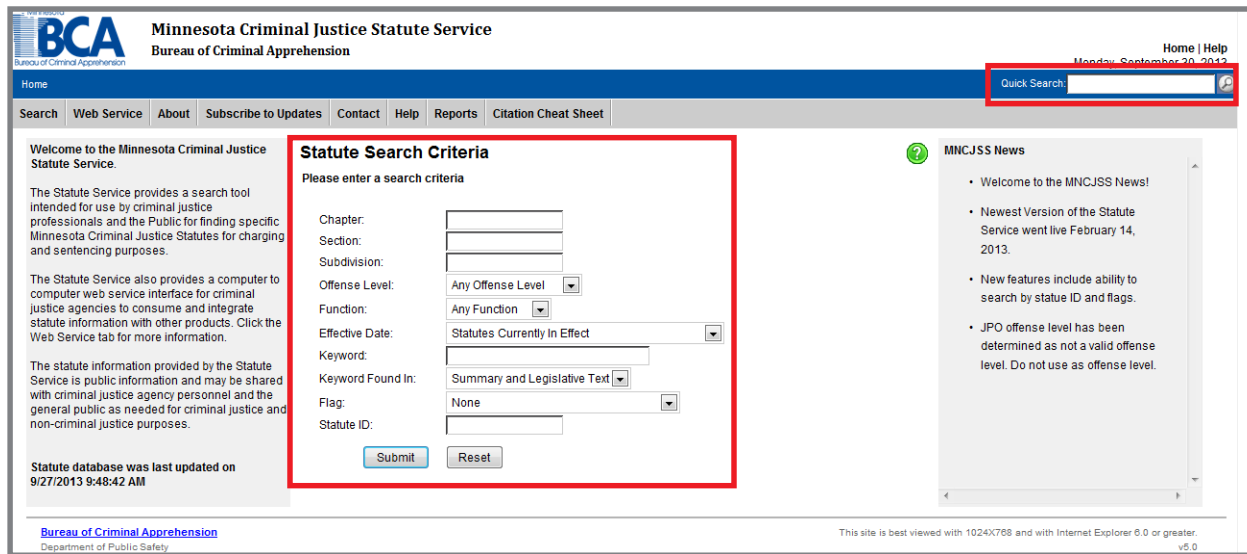

Figure 3.1: Home Page (Statute Search Criteria) with Search Functions Highlighted

3.1 Types of search available

There are two types of search available through the Statute Service website:

- Quick Search
- regular search

3.2 Quick Search

The **Quick Search** function allows you to quickly search for the statute you seek. For example, you could enter a partial or complete statute number (chapter, section, and subdivision) in the **Quick Search** field (e.g., 609.582.1).

The **Quick Search** field is available in the upper right-hand corner of each page of the Statute Service website.

To perform a **Quick Search** of the Statute Service database:

1. Enter a word, phrase, or statute number (up to 50 characters) in the **Quick Search** text field.
2. Click the **Quick Search** button (the magnifying glass symbol).

The system searches the database and returns only active records of statutes that meet your criteria. **Quick Search** always searches through the legislative text.

See Section 3.6, "Using keywords", for examples of different methods you can use to make your searches more effective.

3.3 Regular search

The regular search functionality available on the **Home / Statute Search Criteria** page provides you with more options for your statute search.

There are many ways to find a particular statute or group of statutes. The best method for your search depends on how much information you have and what you are looking for. You might be looking for a particular statute number, or you might be looking for all statutes that became effective on a particular date.

3.3.1 Entering search criteria

This section explains how to set the Statute Search Criteria fields for your search.

Chapter, Section, and Subdivision

You can search by using a combination of the **Chapter**, **Section**, and **Subdivision** of the statute you are seeking.

- If you provide only the **Chapter**, the response lists all statutes beginning with that chapter number.
- If you provide the **Chapter** and **Section**, or **Chapter**, **Section**, and **Subdivision**, the response lists only those statutes exactly matching those fields.

Offense Level

Offense Level indicates the level of the crime:

- *Any Offense Level (default)*
- *Felony*
- *Gross Misdemeanor*
- *Misdemeanor*
- *Petty Misdemeanor*

Function

Function indicates how a specific statute chapter, section and/or subdivision should be applied. At least one charge and one penalty must be used to allege, charge, or sentence a crime. One or more other functions may also be used.

If you know how the statute you are seeking should be applied, you can filter your results by selecting its function:

- *Any Function* (default)
- *Charge*
- *Criminal Rule*
- *Definition*
- *Enhancement*
- *Incomplete*
- *Modifier*
- *Penalty*
- *Penalty (Other)*

See Section 3.5.1, "Function definitions", for more information.

Searching by Effective Date

Select an effective date for the statute(s) you are seeking:

- *Statutes Currently in Effect*
- *Statutes In Effect on a Specific Date* - searches for all statutes in effect on a specific date (e.g. offense date)
- *Statutes That Went Into Effect on a Specific Date* - searches for all statutes that went into effect on a specific date
- *All Statutes Regardless of Effective Date*

If a specific date is required, the **Statutes In Effect On** field appears. Enter the date, using the MM/DD/YYYY format. You can also use the calendar symbol to select the date.

Effective Date: Statutes In Effect on a Specific Date

Statutes In Effect On:  Please use MM/DD/YYYY format.

Figure 3.2: Example of Statutes In Effect On Field

Keyword

Type a word or short phrase (up to 50 characters) in the **Keyword** field to perform a keyword search.

Keyword Found In

From the **Keyword Found In** list, select one of these options:

- *Summary Text Only* to search through only the summary text in the chapter, section, and subdivision sections
- *Summary and Legislative Text* to search through the summary text in the chapter, section, subdivision, and legislative text sections

Flags

If the statute you are seeking has a certain flag, you can select it from the **Flag** list to narrow your results:

- **None**
- **Crime of Violence**
- **Enhanceable**
- **Targeted Misdemeanor**
- **Predatory Offender Registration Review**
- **Certify to DPS**
- **Report to DNR**
- **DPS Group**
- **Conditional Release**
- **Payable**
- **Petty Misd. Only if Prosecutor Certifies**
- **Third Violation Indicator**
- **Qualified Domestic Violence Related**

See Section 3.5.3, "Flag definitions", for more information.

Statute ID

If you know the unique identifying number (i.e., the Odyssey Legacy ID) for the statute you are seeking, enter it in this field.

3.3.2 Performing a regular search

To perform a regular statute search:

1. Go to the **Home / Statute Search Criteria** page. This can be done by:
 - a. clicking the **Home** link in the upper right-hand corner of any page
 - b. clicking the **Search** tab
2. Enter your search criteria.
3. Click **Submit** to start your search. Click **Reset** to clear your previously entered search criteria.

3.4 Refining your search results

Once you initiate a search, you are taken to the **Statute Search Results** page to view your results.

Click the **Refine Search** button to broaden or narrow the scope of your search. This takes you to the **Home / Statute Search Criteria** page. The criteria from your last search (**Quick Search** or regular) will be populated in the appropriate fields. You can then adjust your criteria and **Submit** the refined search, as described in Section 3.3.

The **Statute Search Results** page is discussed in more detail in Chapter 4, "Search Results".

3.5 Search criteria definitions

The following definitions are intended to assist you in setting your statute search criteria.

3.5.1 Function definitions

The following definitions for the function types on the **Function** list were adopted by the MNCJSS Advisory Board in 2007:

Charge	Charge identifies the part(s) of the statute that describe the crime. A crime may be described using the chapter and section of a statute or it may be described more precisely by requiring specific subdivisions, paragraphs, or clauses of the statute to be used. The degree of precision required for each statute is determined by the MNCJSS legal analyst in collaboration with the MNCJSS Advisory and the MNCJSS Legal Review Boards.
Criminal Rule	Criminal Rule is an administrative rule adopted by an agency to make the law it enforces or administers more specific, or govern the agency's organization or procedure.
Definition	Definition identifies provisions that define certain terms used in charge or penalty provisions.
Enhancement	Enhancement identifies the part(s) of the statute that increase the penalty or offense level of the crime.
Incomplete Charge	Incomplete Charge identifies a non-specific provision for a crime or crime group and should not be used by prosecutors for charging, but can be useful for review as they contain additional statutes to cite or helpful information.
Modifier	Modifier identifies a statute as somehow modifying a charge/allegation (e.g., attempt, conspiracy, mandatory minimum).
Penalty	Penalty identifies the level of a charge/allegation. The provision may directly identify the level using the words petty misdemeanor, misdemeanor, gross misdemeanor, or felony; or, indirectly identify the level by listing components of the penalty that indicate the level of the charge.

Penalty (Other) Penalty (Other) identifies penalty provisions that identify collateral consequences of a crime that are not indicators of the level of the crime, such as forfeitures and license suspensions.

3.5.2 The Complete Charge Concept

Part of what the MNCJSS Advisory Board's charter included was the promotion of a common citation base for the description and charging of criminal offenses, consistent and uniform use of the Statute Service, and accurate communication across criminal justice communities.

The complete charge concept defines how much information is needed to complete a charge and how parts of a charge are defined.

Different specificity is required by different systems for a complete charge. The source of the charge could be a complaint or a citation. Multiple statutory citations may be required for one charge. Prosecutors must pull together different pieces of a statute and create one charge.

The concept behind a complete charge is that a minimum level of expectation be developed and defined for consistency amongst all the criminal justice agencies in Minnesota; a "best practice" approach.

These additional function definitions were adopted by the Advisory Board in April of 2007. This is the board's - as a collective group representing stakeholders in the criminal justice community - finalized proposal as the complete charge concept:

Table 3.1: Additional Function Definitions as Adopted by the MNCJSS Advisory Board

Function	Definition
Complete Charge (Petitions and Complaints)	All offense elements of charge; all penalty elements and modifiers.
Complete Charge (Citations)	All offense elements of charge. Penalty elements and modifiers are optional.
Offense Elements	Identifies the specific provision to use to charge a particular offense. Entries should be marked as Offense Elements if the reference all elements of the offense. For formal complaints and petitions, only the most specific division of text (section, subdivisions, paragraphs, clause or item), which identifies all the elements of the corresponding offense should be marked as Offense Elements.
Headnote	Identifies a heading provision.

3.5.3 Flag definitions

Crime of Violence This flag indicates “Yes” for all felony offenses listed as a crime of violence in Minn. Stat. §624.712 Subd. 5. A person convicted or adjudicated delinquent of a crime of violence may not ship, transport, possess, or receive a firearm according to Minn. Stat. §624.713, Subd. 2 and §609.165, Subd. 1a. Adopted 4/20/2007. See Appendix D, "Crimes of Violence".

Enhanceable This flag is not currently defined or maintained in the Statute Service.

Targeted Misdemeanor This flag is set to “Yes” for all misdemeanor offenses listed in Minn. Stat. §299C.10, Subd. 1(d). See Appendix E, "Targeted Misdemeanors".

One additional offense, Minn. Stat. § 169A.27, subd. 1, is flagged because a violation of Minn. Stat. § 169A.20 is a targeted misdemeanor offense only if charged as a 4th Degree DWI offense (Minn. Stat. § 169A.27 subd. 1). This flag indicates “No” in all other circumstances. Adopted 4/20/2007. Note: Minn. Stat. § 299C.10, subd 1(d) became (e) in 2008.

“Interfere with Privacy (Minn. Stat. § 609.746) was a targeted misdemeanor from 7/1/1995 to 7/31/2005. There are no longer misdemeanor level offenses in effect for crimes committed on or after 8/1/2005, they are now gross misdemeanors. 2005 c 136 art 17 s 43.” Adopted 4/20/2007.

Predatory Offender Registration Review (POR) Predatory Offender Registration Review (POR): Predatory Offender Registration should be reviewed for applicability under Minn. Stat. §243.166 and Minn. Stat. §243.167. See Appendix F, "Predatory Offender Registration Review".

Minn. Stat. §243.166 and Minn.Stat. §243.167 have been amended on a number of occasions since their enactment in 1991 and 2000 respectively. This flag indicates “Yes” for all offenses that occurred on or after 08/01/2006 for which registration review is required. This flag indicates “No” in all other circumstances. If the date of the offense is prior to 08/01/2006, additional research is necessary to determine if registration for this offense is required. This flag is maintained and revised as necessary to reflect future statutory amendments. Adopted 08/16/2007.

Certify to DPS

This flag indicates “Yes” for offenses that always must be reported to the Department of Public Safety, Driver and Vehicle Services Division (DVS), upon conviction or adjudication as a juvenile offender under Minn. Stat. § 171.16, Subd. 1 and 5.

Report to DNR

This flag indicates “Yes” for offenses that are reported to Department of Natural Resources (DNR) upon conviction or adjudication as a juvenile offender.

DPS Group

This flag indicates “Yes” for offenses listed in Minn. Stat. § 171.12, Subd 2a. These are offenses in which a person’s alcohol concentration may be determined from a breath, urine or blood test.

Test results are submitted to Department of Public Safety, Driver and Vehicle Service Division (DVS), upon conviction or adjudication as a juvenile offender for inclusion on a person’s driving record.

Conditional Release

This flag indicates “Yes” for offenses for which a person is subject to conditional release under Minn. Stat. §§ 169A.276; 243.166; 609.2231; 609.3455; 617.246; or 617.247.

Payable

This flag indicates “Yes” for misdemeanor and petty misdemeanor offenses for which a person may choose to appear in court or pay a fine set by the Judicial Council instead of appearing in court.

The Statewide Payables Lists set forth the statutory offenses for which an individual can choose to pay a set fine amount instead of making a court appearance. The statewide lists are authorized by Minn. Stat. § 609.101, Subd. 4 and Minn. R. Crim. P. 23.03. See Statewide Payable Lists here:

<http://www.mncourts.gov/?page=1774>

**Petty
Misdemeanor Only
if Prosecutor
Certifies**

This flag indicates “Yes” when the petty offense level is included. For use only when a misdemeanor offense is certified by the prosecutor and approved by the court as a petty misdemeanor under Minn. R. Crim. P. 23.04 and Minn. Stat. § 609.131.

The flag indicates that the legislature designated a violation of this statute to be a misdemeanor. When this flag indicates “Yes”, the petty misdemeanor offense level should not be used when first charging a violation of the offense. For example, Minn. Stat. § 171.24, Subd. 2, states that it is a misdemeanor offense to drive after revocation of the person’s driving privileges. The “Petty Misdemeanor Only if Certified” flag indicates “Yes” for the petty misdemeanor offense level for this offense.

If this flag indicates “No”, it means that the legislature designated a violation to be a petty misdemeanor offense. For example, Minn. Stat. § 152.027, Subd. 4, provides that a person who unlawfully sells or possesses a small amount of marijuana is guilty of a petty misdemeanor. The “Petty Misdemeanor Only if Certified” flag indicates “No” for the petty misdemeanor offense level for this offense

**Third Violation
Indicator**

This flag indicates “yes” if the offense is a petty misdemeanor that may be enhanced to a misdemeanor when preceded by two or more petty misdemeanor convictions within the immediate preceding 12-month period under Minn. Stat. § 169.89, subd. 1(2). [The misdemeanor offense is payable at the fine amount set for the petty misdemeanor.]

**Qualified
Domestic Violence
Related**

This flag indicates the offense should be reviewed for Qualified Domestic Violence Related Review applicability under Minn. Stat. §609.02.16. See Appendix G, "Qualified Domestic Violence Related Review".

This flag indicates "yes" for all offenses listed under Minn. Stat. §609.02.16 for which predicate convictions may be used to enhance the crimes of domestic assault, assault in the fifth degree, stalking, and violating a restraining order, order for protection, or no-contact order. This flag indicates "No" in all other circumstances. This flag will be maintained and revised as necessary to reflect future statutory amendments.

3.6 Using keywords

Use keywords or a short phrase (up to 50 characters) in the **Quick Search** or **Keyword** fields to target the statute or statutes you are seeking.

The table below lists different methods you can use to make your keywords more effective:
